

The 22nd IEEE Hiroshima Section Student Symposium

~ Idea & Imagination to the Future ~

November 28th – 29th, 2020
in Hiroshima (Online)

Sponsored by IEEE Hiroshima Section

Introduction of HISS & Registration

IEEE Hiroshima section will hold the 22nd IEEE Hiroshima section Student Symposium (HISS). HISS is a technical symposium “of students, by students, for society”, mainly managed by the students.

For participation, you (including presenters) need to sign up and register your information on the HISS website.

About the IEEE

IEEE (Institute of Electrical and Electronics Engineers) is the world’s largest technical professional organization dedicated to advancing technology for the benefit of humanity. IEEE and its members inspire a global community through its highly cited publications, conferences, technology standards, and professional and educational activities. There are more than 123,000 student members in over 160 countries. These student members contribute to the growth and vitality of IEEE.

Symposium Date and Venue

Date: November 28th and 29th, 2020

Venue: Online (Zoom)

Technical Presentation

This symposium will provide Technical Presentation sessions as a place for student presentations. The Technical Presentation is organized as poster sessions, in which the presenters can exchange their opinions with general participants. In International (English) Sessions, the presenters should prepare their posters in English, and explain the contents also in English. Because of COVID-19, HISS will be held online, and some changes may be made. (See the HISS website for details.)

Paper Submission & Review

Presenters are required to register your paper first. The registration information should include “title of a research”, “author(s)”, “field” and “summary (about 300 words)”. For the summary, please describe it clearly and simply. Then, you need to submit a paper for review before **Aug. 31th**. You will be notified of the review results by Oct. 16th.

The authors of selected papers should revise their paper with careful consideration of review comments, and submit “the final manuscript (camera-ready)” before **Oct. 30th**. (Registration must be done before the final manuscript submission.) Finally, the authors can give their technical presentation at the venue.

Paper Format

Details of the paper format can be found at the HISS website. When you submit your paper, please access the paper submission system in the HISS website, input the necessary information (name, affiliation,...), and upload a PDF file (up to 5MB) of your paper.

If it is difficult for you to use the system, please send your PDF file to the following address:

E-mail: **paper_tp @ hiss22nd.sakura.ne.jp**
with your name, address and affiliation.

Important Dates for Authors

Deadline for Paper Submission (for review):

August 31th, Monday

Notification of Acceptance:

October 16th, Friday

Deadline for Final Paper Submission:

October 30th, Friday

HISS Awards

The 22nd IEEE Hiroshima Section Student Symposium will be developing students so that they can act voluntarily and tell their own ideas and research results clearly to people, and we have established an award system. The IEEE Hiroshima Section and 22nd HISS executive committee provide HISS Research Award, HISS Presentation Award, and HISS English Presentation Award for excellent paper presentations. Because of COVID-19, some changes may be made. (See the HISS website for details.)
